Alexandria, VA 22313-1450

Sir:

In order to comply with 37 C.F.R. §§ 1.97 and 1.98, attached hereto is a copy of Form SB/08. Applicants respectfully request that the information set forth in this statement and in the listed documents be considered during the pendency of the above-identified application, and any other application relying on the filing date of the above-identified application or cross-referencing it as a related application.

In accordance with MPEP Sections 609 and 707.05(b), it is requested that each document cited (including any cited in Applicants' Specification which is not repeated on the attached Form SB/08) be given thorough consideration and that it be cited of record in the prosecution history of the present application by initialing Form SB/08 next to the document. Such initialing is requested even if the Examiner does not consider a cited document to be sufficiently pertinent to use in a rejection, or otherwise does not consider it to be prior art for any reason, or even if the Examiner does not believe that the guidelines for citation have been fully

complied with. This is requested so that each document becomes listed on the face of the patent issuing on the present application.

This Information Disclosure Statement should be considered, in accordance with 37 C.F.R. § 1.97, because it is being submitted before a first action on the merits has been mailed after the filing of a Request for Continued Examination and, thus, no fee is due. However, the Commissioner is hereby authorized to charge any fees deemed required in connection with this Petition or to credit any overpayment to Deposit Account No. 04-0100.

The present Information Disclosure Statement is being submitted in compliance with 37 C.F.R. § 1.56, but the citation of any document is not to be construed as an admission that such document is necessarily relevant or prior art. No representation is intended that the cited documents represent the results of a complete search, and it is anticipated that the Examiner, in the normal course of examination, will make an independent search and will determine the best prior art consistent with 37 C.F.R. § 1.104(a) and in the course of each search, will review for relevance every document cited on the attached form even if not initialed. In accordance with the OG Notice: August 5, 2003, copies of any cited U.S. Patent or U.S. Patent Published Application do not accompany this paper. Copies of any cited non-patent literature does accompany this paper.

Early and favorable consideration is earnestly solicited.

Dated: February 24, 2005

Respectfully submitted,
